module:
people locations &
individual head knowledge
of thoughts/emotions and
ideas management
module:
“best psychology” knowledge
and psyConditioning strategies and
states management
module:
electrochemical
mind management
knowledge - mood/states,
psycho physical health
management
Legend:
core(ai)
software
hardware
consciousness
and/or organisms
Mind Programming(eHealth):
ai based organisms/consciousness
management
module:
telecommunication:
frequencies,scalarWaves,
etc - knowledge
ecoMindProgrammin via
(special) telecommunications
electro chemical mind
management with possible
combinations of chem+freqs
psychotronics
or quantumTech
micro/nano
chips/implants,
outerNeurotoxins,
vaccines?
all tricks that
are available from
ecoMindProgramming +
other mind tricks
in-body
electro/chemistry mostly for
instant mood/states, thoughts,
emotions management
just buzzing
energy
disperser
central nervous
system stimulators &
coordinators
frequencies
produced states
or effects
